VOLUME XX

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, NOVEMBER 22, 1916.

NUMBER 4

## SKETCHES.

### Strong Hill.

For a number of years the above named gentleman has been representing the Belknap Hardware Company, Louisville, and he commands a large trade in the territory assigned him. He is a gentleman who attends strictly to his business, letting every body else's strictly alone. He is very courteous in manners, and is very much liked by all the merchants he visits. His house is the largest in Louisville of its character of business, and sells goods over many States. Mr. Hill resides with his little family at Glasgow, but he was born and reared in Taylor county, and for a long time was a retail merchant in Campbellsville, where he was highly appreciated by many friends who delighted to trade with him. He is a gentleman whose word is as good as his bond, hence when he tells you anything you can bank on it being correct. Belknap & Co. regard him as a valuable man, and doubtless he has a position with the firm as long as he chooses to hold it. Upon each trip to Columbia he is given a cordial welcome, and he never fails to sell goods. May he continue to be prosperous is the wish of this paper.

### Astonishing Bargains in Millinery.

To reduce my immense stock I will for the next ten days offer wonderful bargains in trimmed and untrimmed hats. \$5.00 hats go at \$3.00, \$3.75 hats go at \$1.75 and etc. Be sure and call and see for yourself.

Mrs. Geo. Staples.

The General Assembly of the Baptists of Kentucky met in Louisville last week. Dr. Gatlin, of Williamsburg, presided over the meeting. The association pledged large sums of money to missions and other purposes. A resolution was adopted pledging the association to the temperance cause and to support no man for office, municipal, legislative nor executive who would not pledge himself to do every thing in his power to drive intoxicating liquors out of Kentucky.

### Notice to Physicians, Teachers and Parents.

Dr. T. L. Higginbotham, of Hutchinson, Kans., will be at Creelsboro, Wednesday and Thursday, Dec. 6th and 7th, prepared to treat surgical conditions of the Nose and Throat. Physicians and Teachers are especially invited to bring or refer children of the indigent poor, to whom services will be gratuitous.

### Do You Have Sour Stomach?

If you are troubled with sour stomach you should eat slowly and masticate your food thoroughly, then take one of Chamberlain's Tablets immediately after supper. Obtainable at Paul Drug Co.

Hunters are hereby warned to keep off of our place. We mean what we say. Murray Iros

The Thanksgiving service will be held at the Christian Church Thursday, November 30th, at 10:30. Rev. L. F. Piercy, pastor of the Methodist church, will deliver the sermon.

L. W. Bennett, Eugene Grasham and Clint Smith now compose a firm of stock dealers. They will be in Columbia every Thursday and will pay the highest market price for hogs, cattle, and sheep. Call and see them. 3 tf

Evidently there will be a great deal of road working in Adair during the year 1917. The spirit of building good roads grows stronger daily.

Sam Burdett has sold, to different parties, in this town, in the last few weeks, 85 mules at prices ranging from \$135 to \$215 per head.

Farmers have been busy for the past ten days gathering corn. Some have started their plows.

For boards to go Casey Jones Store. 3-2t

### Pine-tar Relieves a Cold.

Dr. Bell's Pine-Tar-Honey contains all the soothing elements of the pine. It heals the irritated membrane, and by its antiseptic properties loosens the phlegm, you breathe easier, and what promised to be a severe cold has been broken up. For that stuffed up feeling, tight chest or sore throat take a dose of Dr. Bell's Pine-Tar-Honey and prevent a wearing, hacking cough dragging through the winter. At Paul Drug Co., 25c. Adv.

## Russell Springs Loses.

The basket ball game played here last Wednesday night, Russell Springs against the Graded and High School team, was exciting from the start, and at one time it looked like the visitors would come out victorious, as at the close of the first half the score stood 19 to 16 in favor of Russell Springs. When the last half started the Graders soon got in the lead and gained right along until the contest closed. The score stood 40 for the home boys, 29 for the visitors. A good crowd witnessed the game.

### Notice.

I have two stray hogs on my place. Both barrows and will weigh about 150 to 175 each. Owner can have them by paying feed bill and this notice. 4-3t W. H. Cundiff.

### Accidentally Shot.

Robert Smith, a colored boy about town, was accidentally shot in the left hand last Thursday morning. He and Jo Spearman, ten years old, another colored boy, were in an apple orchard gathering apples. The small boy had an old pistol that he did not know was loaded. He was snapping it at first one object then another, and finally it went off, the ball striking Robert in the left hand, passing through it. He came to town and had his hand dressed, but it will be several weeks before he can use it.

Mr. Isham Scott, of this place, who was a soldier in the Federal army during the war of the rebellion, has received good news from the pension department.

He drew a pension of \$12 per month up to 1876, and in that year, on account of an indiscretion upon his part, his pension was stopped, and he has not drawn a dollar since.

He has been notified that he will be again placed on the list, and in February, 1917, he will be paid \$19.00, and thirty dollars per month so long as he lives from that date.

Wilson took the lead and maintained it in every report but one. The Rexall Company recorded 951,396 votes and the electoral vote was given 299 for Wilson, 232 for Hughes.

The drug store of E. T. Willis, of Cave City, was entered by burglars last Thursday night. Several watch chains, brooch chains, watches and a flash light were taken.

Mr. J. F. Montgomery, who is one of the leading lawyers of this place, on Wednesday morning after the election, when the Democrats were blue, feeling that Mr. Wilson had been defeated, was gammer than he was before the election, announcing to the Democrats that Wilson had carried Ohio, and for them to take courage; that he would sweep the West and would have twenty votes to the good in the electoral college. He may not have twenty, but not far from that number. Mr. Montgomery had been a close reader of the reports from the West during the canvass and was thoroughly convinced that it would go as it did.

### Be Sure to Hear It.

The Ladies of the Self Culture Club are attempting to place a series of concerts before the people of Columbia. These programs will not only prove enjoyable, but elevating to those who hear them. The first one will be given on the evening of Dec. 1, 1916, at the Paramount Picture Show. The artists for the evening are Miss Bernice Wimberly, violinist, and Miss Angela Sweeney, reader, who will render a program of rare merit. The public is cordially invited, not only to spend a pleasant evening, but also to help the ladies in their undertaking. If this occasion proves a success, others will follow during the winter. Tickets on sale at the Paul Drug Store.

### To The Traveling Public.

November 16th, 1916. You are urgently requested to use the entire road and not drive in the same track all the time as such a procedure will cause the road to rut, and even though it might be only for a small depth, water will run down in the ruts and cause the road to deteriorate. A rut is very hard to repair especially until it gets to be three or four inches deep.

The people should realize the fact that they are paying for the road themselves, and should try to preserve same because it is their property.

R. Wiley, Commissioner of Public Roads.

Garlin, Ky., Nov. 21, 1916.

Editor The Adair County News.

Dear Sir: I have resigned my position as traveling salesman and in so doing it is with a feeling of regret rather than pleasure. But in justice to my health I am forced to give up the road life and I wish to thank each and every merchant in and adjoining Adair county for their most liberal patronage given me during the past 12 or 15 years and here is hoping each and every one a long and prosperous life.

I beg to remain your friend.

S. C. Neat.

**ANNOUNCEMENT.**

For Sheriff.

We are authorized to announce W. B. PATTERSON a candidate for Sheriff of Adair County, subject to the action of the Republican primary of 1917.

**ANNOUNCEMENT.**

For County Judge.

We are authorized to announce Kint Montgomery a candidate for County Judge of Adair County, subject to the action of the Democratic party in the August primary 1917.

Judge Charles E. Hughes and wife have gone to New Jersey for a three week's rest.

As soon as President Wilson can find the time he will tour the West, having been invited.

The killing in Europe continues, and there is no telling when the war will close. First one side, then the other has the advantage.

President Wilson is working on his message to be submitted to the next Congress which will meet the latter part of December.

President Wilson's majority in California will be over ten thousand. His exact vote in the electoral college is not known, but to us it looks like 270, ten more than necessary.

Speaker Champ Clark was in Washington, D. C., last week, conferring with the leaders. The opinion was freely expressed that the next House would be organized by the Democrats, with the aid of Independents, and that Mr. Clark would be re-elected.

The Louisville Times came out last Thursday in favor of the Legislature submitting to the voters of Kentucky Constitutional amendments having for their object the establishment of State-wide Prohibition and Women's suffrage in the State. The Times is not in favor of State-wide prohibition nor women's suffrage, but it thinks the question ought to be settled and the quicker the better for the State. In submitting these amendments every voter will have a say. The Prohibition sentiment in the State, in our judgment, is much stronger than the suffrage question, but by the votes of the people, for or against the amendments, would settle the matter for all time to come.

The attention of the merchants of Columbia and out in the county is called to the manner in which mail order houses sell goods through the country. In the first place the mail order establishments take a great many county papers published in each State, and where they see that the local merchants are making no effort to sell their home trade, they flood the county with catalogues, giving prices of everything they have to sell. The home people seeing no bargains offered by the local merchants, send their orders to the foreign concern. In our judgment the merchants of Adair could sell the trade of the county if they would let the people know what they have in stock. If they have special bargains they should say so through the county paper. A paper that goes to every representative family in the county weekly is the one to use in advertising articles for sale. A mail order house should not be criticized for making an effort for business, but the local merchants should meet their prices, and in our judgment they do, after the consumer pays the express bill on goods shipped from a foreign house. The point is the local people do not know what the local merchant has in stock because they are not informed.

**Changing Seasons Bring Colds.**

"Stuffed-up head," clogged up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At Paul Drug Co., 50c. Adv.

Garrison Bros., who sold their stock of goods to Mr. Epperson, are undecided as to the business they will engage in. They are two excellent young men, and we are glad they will not leave Columbia.

Dr. Jas. Taylor has removed his office to apartments on the second floor, front rooms, Russell building. His professional card appears in The News to-day.

Mr. Bert Epperson has purchased of Mr. J. L. McLean, the frame two-story residence, near the home of Mr. Brack Massie, and will be given possession between now and Christmas. The price is private. The dwelling is now being occupied by Mrs. Garrison and family.

## Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.

### Winning the West.

Woodrow Wilson has won the West. The independent voters of the States west of the Mississippi river and of the State of Ohio were the ones who won for Democracy last Tuesday. States that the Democrats did not even claim and ones that the Republicans thought as safe as Vermont or Pennsylvania were carried for Wilson. He could not possibly have been elected by the Democratic vote and it has only been achieved by former Republicans, Progressives and Independents casting their votes for the Democratic candidates. To secure such a reversal of life long political association we can rest assured that there must have been most convincing and unanswerable arguments in favor of retaining Wilson at the head of the government. To come to a proper realization of how great was this change, Democrats will have to consider whether under similar circumstances they would

have voted for a Republican candidate for President. If they confess they would have been unwilling to do this, they must acknowledge that they are not as open to conviction to the best interests of their country as were these Republicans and Progressives who preferred to stand for what they regarded as best for their country, rather than stand by their party. Too much credit cannot be given to the voters of the west for what they did on last Tuesday. Wilson's policies and the condition of the country won the West and they forgot party loyalty in their loyalty to the welfare of the Nation.—E-town News.

### Uncle Sam's Pension Payroll.

(New York World.)

Few people realize the vastness of the amounts which are paid out by the various Governments in the form of pensions to veterans of the military and naval services and to the widows and dependents of those who fought their country's battles. For many years Uncle Sam has been the most liberal of these governmental philanthropists, his annual disbursements in pensions amounting to as high as \$175,000,000 per annum. When the European war is over every one of the nations involved will have to shoulder this tremendous burden of caring for the disabled warriors and the dependents of those slain in battle, and Uncle Sam's pension list, amazing as it is, will probably become comparatively insignificant.

The pension system of the United States had its beginning August 26, 1776, when the Continental Congress undertook to provide for the disabled soldiers of the continental forces. In 1790 the first regular pension system was established, and since then, up to the close of the fiscal year of 1915, the Government disbursement for pensions has amounted to nearly \$5,000,000,000. From 1790 to the outbreak of the Civil War the total cost of the pension system of the United States was less than \$100,000,000. The Civil War and the war with Spain have brought the total to \$4,940,304,143.05 at the close of the 1915 fiscal year.

Pensions aggregating \$70,000,000 were paid on account of the Revolution. The pensioners of the war of 1812 received a total of \$45,000,000. The Indian wars cost in pensions about \$6,500,000. The Mexican war's pension list reached a total of about \$34,000,000. Uncle Sam is still paying for the Civil War and the conflict with Spain, and the former has already cost in pension disbursements nearly \$4,000,000,000. The annual disbursements of the United States pension system in the last ten years have ranged from \$139,000,000 in 1907 to \$175,000,000 in 1913. During Grant's first term the average was only about \$30,000,000 a year. From \$60,000,000 annually during the Garfield administration, the average leaped to \$130,000,000 in Harrison's administration, reaching the high water mark of \$175,000,000 in the last year of the Taft administration.

## VICTIMS OF SELF POISON ARE MANY

95 Per Cent of Illness Due to Auto-Toxication.

### WORLD'S SCIENTISTS AGREE

Health Expert Who Is Creating Excitement in Cincinnati by New Theories and Results With Modern Treatment Tells Terrors of "Intestinal Toxemia."

Cincinnati, O.—Ninety-five per cent of all ill health is directly or indirectly due to "intestinal toxemia," or, more commonly, just plain stomach and bowel trouble. It is a form of self-poisoning.

This statement was made here by the "Tanlac Health Expert," who has been creating much excitement by the remarkable results he is securing with a new medicinal treatment. He continued:

"When I say that 95 per cent of all human diseases, chronic and local, are directly due to mal-assimilation of food and fermentation in the intestinal tract I am not merely expressing a theory of my own, but I am propounding a fact that is agreed upon by the world's greatest medical and bacteriological scientists, of whom the famous Professor Metchnikoff, of the Pasteur Institute of Paris, is the leader.

"Intestinal toxemia, as the medical text-books call it, is the resultant of auto-toxication—self-poisoning. It is caused by food rotting in the stomach and intestines, due to improper action of these organs and the presence of putrefactive bacteria. I quote the following symptoms of this ailment from a world-famous physician, as published in a leading medical journal:

"Sallow, bloodless, or ashy-gray, muddy complexion; foul, fecal, odorous breath; cold, clammy, moist hands and feet; headaches; malaise (dizziness); total lack of ambition, so that every effort in life is a burden; mental depression often bordering on melancholia; frequent attacks of indefinite abdominal pains due to flatulency; sudden attacks of acute diarrhea, alternating with periods of constipation."

"Medical books are jammed to overflowing with descriptions of ailments resulting from intestinal toxemia."

"Tanlac, the wonderful medicine I am introducing, was designed to overcome this condition with the kind of medicine that long usage has proved to be safest for the human system—a soothing, effective combination of roots, herbs, barks and berries gathered from all over the world. That is the secret of its success in so many cases with varying surface symptoms. Tanlac does not treat stomach trouble, rheumatism, catarrh and such ailments by direct action—it goes right to the root of the trouble and removes the cause—faulty assimilation of food in the stomach and fermentation in the bowels."

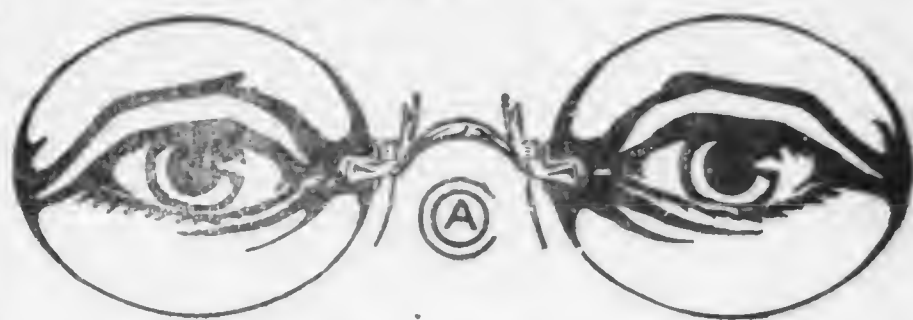

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in Columbia, Ky., by PAGE & HAMILTON.

### Remember Next Year.

With their usual optimism, our farmer friends have reported from all parts of the State, a big quail crop. This is good news for the sportsman; but pretty tough on the quail. And in this connection, The Times would remind these same sportsmen friends of ours that it is not at all necessary to kill all the quail this year—shooting should be kept good in Kentucky, and as we see it, moderation on the part of gunners is a first step in the right direction.

We are happy to voice the belief that Kentucky sportsmen combine all those high qualities that should go with the name, but sometimes the excitement and satisfaction of finding the birds plenty and in good condition will carry away the most level-headed huntsman. Therefore we put in a word for the quail—they will last longer if moderately handled. A "mess" of birds for one's own table, and a brace for the invalid on the next block should be called a good day's bag these days when game grows scarce.—Louisville Times.

### "Dad, Here's to You."

We happened in a home the other night and over the parlor door saw the legend worked in letters of red, "What is Home Without a Mother?" Across the room was another brief, "God Bless Our Home." Now what's the matter with "God Bless Our Dad?" He gets up early, lights the fire, boils an egg, wipes off the dew of the dawn with his boots, while many a mother is sleeping. He makes the weekly handout for the butcher, the grocer, the milkman and the baker and his little pile is badly worn before he has been home an hour. If there is a noise during the night, Dad is kicked in the back and made to go down stairs to find the burglar and kill him, Mother darns the socks, but Dad bought the socks in the first place, and the needles and yarn afterwards. Mother does up the fruit—well Dad bought it all, and the jars and the sugar cost like the mischief. Dad buys the chickens for the Sunday din-

ner, carves them himself and draws the neck from the ruins after everyone else is served. "What is Home Without a Mother?" yes that is right, but "What is Home Without a Father?" Ten chances to one it is a boarding house—Father is under a slab and the landlady is the widow. Dad, here's to you: You've got your faults—you may have lots of 'em—but you're all right.

### Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable at Pauli Drug Co. Adv.

**Senate to Investigate.**

Washington, D. C.—That the Democrats will contest the election to the Senate of James E. Watson and Harry S. New, Republicans, of Indiana, and Howard Sutherland, Republican, of West Virginia, was the information received here.

That there will be a general investigation by the Senate of the alleged misuse of money in the presidential campaign also was announced definitely by Administration officials. Preliminary plans have been made and a resolution providing the machinery for the inquiry is ready to be introduced soon after Congress convenes next month.

It is openly charged by Democrats that \$2,000,000 was spent by the Republicans in Indiana and a large sum of money by the Republicans of West Virginia and that negroes were illegally voted in both States.

It is said that 2,000 negroes, many of whom recently migrated from the South, were colonized at Gary, Ind., but the Republicans at the last moment became alarmed and did not use them. In other places many negroes not entitled to vote under the laws of Indiana and West Virginia, respectively, did vote, according to the Democrats.

**TWENTY-FIVE CONTESTS.**

There will be at least twenty-five contests in the House of the Sixty-fifth Congress, which convenes in December, 1917. The Democrats of the Senate do not need the senatorships from Indiana and West Virginia to control the upper body of Congress, but they want to punish the Republicans by a protest against the methods used to carry the States.

A Democratic leader said that the conditions in Indiana at the recent election were ten times worse than those of the election of William Lorimer, of Illinois, who was excluded from the Senate because of methods employed in his behalf. In the cases of Watson, New and Sutherland, the contests may be brought, just as the one was against Lorimer, when a committee was appointed to examine witnesses.

House leaders have advised all Democrats who claim to have been elected in close districts to go into State courts and demand a recount. A number of cases of this kind will be started. While it is admitted by Democrats that there will be more than two dozen contests in the next House, they will not name the districts from which these will be brought up.

**EVIDENCE COLLECTED.**

It was stated that evidence was being collected, but its details were not disclosed. The plan is to call those actually in charge of campaign finances before the Senate Committee and investigate the details of their transactions.

Various reports concerning use of money in certain States have come to Democratic headquarters as well as Republican headquarters.

Investigation into alleged attempts to colonize illegal voters in Indiana and West Virginia particularly was begun several weeks before the election. In those States Democratic leaders are planning to contest the election of United States Senators. Before the polls had closed last Tuesday charges of corruption were being openly made by Democratic chieftains and predictions were freely circulated that exposures would follow the election.

**Comments on the Election.**

Col. Roosevelt drove as many votes away from Hughes as he brought to him.

We would like to know now what the Col. thinks of his candidate.

It showed conclusively that the people did not intend to restore to power the old reactionary Republicans.

A large per cent., of the Progressives preferred a Progressive Democrat to a reactionary Republican.

New York has at last discovered that there is a large part of this country which it can't control.

Mr. Jeremiah O'Leary has now the permission of everybody to leave the United States and to stay gone when he is gone.

Republican Wall street was afraid to put down the price of stock for the western people with their pockets full of money would have bought them up.

Hurrah for Mrs. Hiram Johnson, of California. She put the Golden State in the Wilson column.

President Wilson should move back to his old native State of Virginia and leave that rotten borough of New Jersey.

Wyoming, Montana, Colorado, Utah, Idaho, Washington, California, Arizona, Kansas and Nevada all have woman's suffrage, and they all went for Wilson.

Senator Lippitt, the great protectionist manufacturer of Rhode Island and the Republican leader of his party in that State, was beaten by Peter G. Garry, a Democrat. This does not look like Rhode Island is afraid of the Democratic tariff law.

Some superstitious friend should have prevented Mr. Hughes from voting ballot No. 13 at his polling place.

Don't you forget it there was not a dry Democratic county in Kentucky that did not give a splendid majority for Wilson. Most of them broke their records in majorities.

We take off our hat to the 6,000 or more Republican voters in Kentucky who cast their ballots for Woodrow Wilson. We hope they will stay with us.—E-Town News.

Wilson's Strength With the People.

Every analysis of the vote last Tuesday reveals the great confidence, the great and growing confidence, the people of America have in Woodrow Wilson.

Said Spurgeon, the famous preacher, of London, to Gladstone in the heat of one of his political contests: "We believe in no man's infallibility, but it is restful to believe in one man's integrity."

That is the message the American people send Woodrow Wilson.

Study the results from the country at large. In 1916 the Wilson popular vote is 2,160,000 beyond the previous Democratic record. It is 900,000 more than the Roosevelt-Taft total of 1912. It is more than 400,000 in advance of the reunited Republican party.

We rightly give credit to the West for the Wilson majority in the Electoral College, but the populace of the East turned with like purpose towards the President.

In New Hampshire, where there has been a long revolt against railroad domination, the victory is for Wilson.

In Rhode Island the Republican Governor is elected by a majority of 12,500, whereas the majority for Hughes is only 4,500, and Gerry, Democrat, defeats the Republican incumbent, Lippett.

In Maine, in 1912, the Taft-Roosevelt vote was 75,059; Wilson, 51,113. In 1916 the vote stands, Wilson, 64,148, a gain of 13,000; Hughes, 69,491, a loss of 5,500.

In Massachusetts in 1912 it was Wilson, 174,315; opposition, 298,504. In 1915 the vote is, Wilson, 247,327; Hughes, 268,315, a plurality now of 21,000, against 124,000 two years ago.

In Pennsylvania, in 1912 it was Wilson, 395,619; opposition, 720,931, an adverse plurality of 325,312. In 1916 it is Wilson, 510,737; Hughes, 695,734, or an adverse vote of 185,000.

In New York, in 1912, it was, Wilson, 655,475; opposition, 845,449, an adverse vote, with Tammany "loyal," of 190,000. In 1916 with Tammany malignant and disloyal, the vote is, Hughes, 863,987; Wilson, 756,010, or an adverse vote of 107,977.
